ASSIGNMENTS

- . Design and construction supervision
- . Project management
- . EPC, turnkey and general contracting; EPCM
- . Consultancy and assistance to the Owner
- . Technical, statutory and energy audits
- . PPP (as consortium leader)
- . Technical engineering
- . Organisation, planning and coordination
- . Operation and maintenance
- . Scheduling

Artelia has all the technical expertise needed to carry out engineering services for the **design and renovation of buildings**. And the group boasts more than 1500 staff members with expert skills in **project management**.

Artelia can also provide **turnkey and general contracting services** or act as **leader in public-private partnership consortiums**.

Over 200 buildings designed by Artelia have obtained **environmental certification** (low-energy, positive-energy and green buildings, LEED, BREEAM, etc.).

An active **risk management** policy and ambitious objectives in terms of **health and safety** are applied at all construction sites we supervise.

The quality of the group's services is enhanced by a proactive **innovation** programme focused on energy performance, 3D building information modelling, renovation, and the planning of construction operations.

CLIENTS

- . Public sector Owners
- . Developers, real-estate firms
